

The Social Science Jargon Buster: The Key Terms You Need to Know, 2007, 344 pages, Zina O'Leary, 1849203431, 9781849203432, SAGE, 2007

- Are you confused by academic jargon? B - Do you know your 'discourse' from your 'dialectic'? - Can you tell the difference between 'anomie' and 'alienation'? B B The Social Science Jargon Buster tackles the most confusing concepts in the social sciences, breaking each down and bringing impressive clarity and insight to even the most complex terms. B 'This book successfully addresses the central task for any teacher of social theory - how to make the material accessible without making it simplistic and banal. The overall effect is a most effective text that hard-pressed students and lecturers will grab with both hands' - Dave Harris, Senior Lecturer in Social Science This practical, down-to-earth dictionary will help students new to social science discourse gain a thorough understanding of the key terms. Each entry includes a concise core definition, a more detailed explanation and an introduction to the associated debates and controversies. In addition, students will find a useful outline of the practical application of each term, as well as a list of key figures and recommendations for further reading. This dictionary brings a refreshing clarity to social science discourse, making it essential reading for all students on undergraduate social science courses.
